„Legal studies“ department (Assoc. Prof. Andriyana Andreeva)

## **I. ANNOTATION**

*The subject has the aim to ensure to the economic students a basic knowledge: theory of the state and law, constitutional law, administrative law, civil law, obligation law, property law, labor law, financial law and criminal law.*

*The lecture course follows the classical structure of the law branches of our national legal system. The information is presented according to the logical order differentiating the law branches into public and private law. In this way the lecture course offers to the students fundamental knowledge about basic concepts and legal institutes of our national system.*

*The aim is to ensure to the future economists knowledge about the fundamental law issues, bearing in mind the place and role they will have in the management of the economic.*

*The expected results of studying this discipline are: to give basis legal knowledge, form skills for work with legislative regulations, application of this knowledge in legal cases and forming of new knowledge, necessary for the future economists profession.*
